Comments from the official inspector

The Inspection Report is changed September 18, 2020.

Publication of Inspection Report: Following is inspected without remarks: Publication of inspection reports on establishment's own website.

Approvals etc.: Following is inspected without remarks: Registration as importer in regard to inspection of the activity import and trade. The establishment is registered correctly for import of food contact materials.

Following is identified: Registration is adequate for the establishment's activity with food contact materials.

Packaging etc.: Following is inspected without remarks:

Tracability on primary commodity ATLAS 5000 200 FC

Following is inspected without remarks: The establishment's conformity declaration for food contact materials for customers.

Following food contact material(s) are inspected: Tanks and silos.

Inspected conformity declarations for food contact materials.

Following is identified: The establishment receives primary commodity from supplier without receiving a conformity declaration.

The establishment could not procure a conformity declaration at the inspection.

The circumstance is considered a trivial violation at the existing conditions.

Establishment instructed that incoming food contact materials in general must be followed by a conformity declaration.
